INTRODUCTION

The Board of Trustees of Karori Normal School is focused on the ongoing improvement of student progress and achievement. To ensure effective school performance, the board is committed to maintaining a strong and effective governance framework that incorporates legislative requirements and good practice.

GOVERNANCE

The board is entrusted to work on behalf of all stakeholders and is accountable for the school's performance. It emphasises strategic leadership, sets the vision for the school and ensures that it complies with legal and policy requirements.

Policies are at a governance level and outline clear delegations to the principal. The board and principal form the leadership team with the role of each documented and understood. The principal reports to the board as a whole with committees used to facilitate the board fulfilling its role.

Enhancing student achievement is the board's focus. The board is proactive rather than reactive in its operations and decision making, and does not involve itself in the day-to-day administrative details of running the school.

MANAGEMENT

The board delegates through its policy framework, areas of authority and accountability for the day-to-day operational organisation of the school to the principal who must ensure compliance with both the board's policy framework and the law of New Zealand.

In developing the above definitions for Karori Normal School the board was mindful of the following excerpts from the Education Act 1989:

Education Act 1989, Section 75 and 76, and Section 65

The legal responsibility of boards of trustees is determined by Section 75 of the Education Act 1989:

s.75 Boards to control management of schools –

Except to the extent that any enactment or the general law of New Zealand provides otherwise, a school's board has complete discretion to control the management of the school as it thinks fit.

s.76 Principals –

1. A school's principal is the board's chief executive in relation to the school's control and management.
2. Except to the extent that any enactment or the general law of New Zealand provides otherwise, the principal –
 - a. Shall comply with the board's general policy directions; and
 - b. Subject to paragraph (a) of this subsection, has complete discretion to manage as the principal thinks fit the school's day to day administration.

s.65 –

KNS Governance Manual February 2020

A board may from time to time, in accordance with the State Sector Act 1988, appoint, suspend, or dismiss staff.

In order to carry out effective governance of the school the board has developed the following policy framework to assist in implementing the School Charter and Annual Plan.

3. CONFLICT OF INTEREST POLICY

The standard of behaviour expected at Karori Normal School is that all staff and board members effectively manage conflicts of interest. This includes managing potential and actual conflicts of interests, as well as perceptions of conflicts of interest.

A conflict of interest can arise where two different interests overlap. For KNS, there is a conflict of interest where a Board or staff member's duties or responsibilities to the school could be affected by some other personal, professional or business interest or duty that the Board or staff member may have. The other interest or duty might exist because of:

- the Board or staff member's own financial affairs;
- a relationship or other role that they have; or
- something they have said or done.

In the course of meetings or activities, staff and board members are required to disclose any interests in a transaction or decision where their family (including their own interests), and/or partner, employer, or close associates may receive a benefit or gain. After disclosure, the Board Chair (or Principal in the case of a staff interest) will determine whether further action is required to manage the risk, which may include asking the person making the disclosure to leave the room for the discussion or not permitting them to be involved in decision-making.

Any trustee who is a member of the board's staff must be excluded from any meeting while the board discusses, considers, considers anything relating to or decides on any matter relating to their own employment or a complaint received against them.

The purposes of this policy are to protect the integrity of the school decision-making process, to ensure confidence in the school's integrity, and to protect the integrity and reputations of staff and board members. Upon or before election or appointment, each person will make a full, written disclosure of interests, relationships, and holdings that could potentially result in a conflict of interest. This written disclosure will be kept on file and will be updated as appropriate.

4. CHAIRPERSON'S ROLE POLICY

Any trustee except the principal or staff representative can be elected as the chairperson of the board. The prime role of the chairperson is to provide leadership for the board and support for the principal.

The chairperson of Karori Normal School safeguards the integrity of the board's processes and represents the board of trustees to the broader community. The chairperson ensures that each trustee has a full and fair opportunity to be heard and understood by the other members of the board in order that collective opinion can be developed and a board decision reached. The board's ability to meet its obligations and the plans and targets it has set are enhanced by the leadership and guidance provided by the chairperson.

1. This relationship is based on mutual respect, trust, integrity and ability.

8. BOARD COMMUNICATION POLICY

Our values underpin any communication between board members.

Excellence – Communication should be clear, concise and accurate. Communication will not be left open to interpretation.

Respect – We will acknowledge and learn from others thoughts and opinions and understand and appreciate others' point of view.

Responsibility–We will communicate in a timely manner when required for board meetings or for others to carry out their role.

Empathy – We will be considerate in the wording and nature of our communication with other trustees.

Integrity – We will communicate openly, honestly and clearly and provide complete and accurate information to the best of our knowledge to enable us to make informed decisions.

Board–Principal communication

A crucial channel of communication between the board and the principal is the weekly meeting of the chairperson and the principal. The chairperson will email a summary of points covered from each meeting to the rest of the board and these will be tabled at the following board meeting. With board approval from time to time the principal may meet with another board member on a particular topic.

Dealing with the media

The chairperson is the spokesperson for the board (except on professional matters when the delegation has been given to the Principal) unless the board resolves that another person will be given this responsibility.

Email communication

Inter-board email communications should be kept to a minimum. There will be instances when due to time constraints at a board meeting we agree to continue, or conduct a discussion by email but this is to be with the agreement of all involved.

It is inadvisable to use email to communicate when there is an issue of debate or tension or when the content may be open to misinterpretation.

The board is legally able to pass resolutions by electronic communication. Resolutions passed in this way must be unanimous.

Board-School Community Communication

All Board of trustee wide communications will be developed centrally and delivered via school links.

Telephone/face-to-face communication

For messages/communication that require action or a response within a short time frame the board needs to communicate by phone or face to face. Communicating by phone means we can be sure a two way conversation has occurred and that a message has been received.

At times there may be issues that are difficult to discuss or where differences of opinion create tension. These matters are best discussed face to face or by phone.

- Agenda items are to be notified to the chairperson at least 5 working days prior to the meeting
- Late items will only be accepted with the approval of the board and in rare circumstances where a decision is urgent

- The order of the Agenda may be varied by resolution at the meeting
- All items in the agenda are to carry a recommended course of action and where appropriate supplemented by supporting material in the meeting documentation

2. If the meeting moves to exclude the public (usually this is to protect the privacy of individuals) then you will be asked to leave the meeting until this aspect of business has been concluded
3. Members of the public may request speaking rights on a particular subject that is on the agenda. Preferably this request has been made in advance. Public participation is at the discretion of the chairperson
4. Speakers shall be restricted to a maximum of 3 minutes each per subject, with a time limit of fifteen minutes per interest group

PART 2. GOVERNANCE PROCEDURES

1. COMMITTEE PRINCIPLES

The Board may set up committees/working parties to assist the board carry out its responsibilities and due process (eg. Staff appointments, finance, property, disciplinary).

The Education Act 1989, section 66 gives the Board the authority to delegate any of its powers to a special committee except the power to borrow money.

The board must document in the board minutes the precise powers that are delegated to a committee, and ensure that each member of the committee is given a copy. In addition the same delegation motion must name who has delegated authority. For example, the committee can:

1. Investigate and report their findings to the board
2. Investigate and make any recommendations based on those findings to the board
3. Investigate, come to conclusions based on what they have discovered and have the power to act upon those conclusions then report to the board what they did

Board committees:

1. are to be used sparingly to preserve the board functioning as a whole when other methods have been deemed inadequate
2. can consist of non-trustees. Committees must have a minimum number of 2 persons, at least one of whom must be a trustee
3. may not speak or act for the board except when formally given such authority for specific and time-limited purposes. Such authority will be carefully stated in order not to conflict with authority delegated to the principal or the chairperson
4. help the board (not the staff) do its work
5. all committees other than the Board Discipline Committee must act through the board and therefore can only recommend courses of action to the board and have no authority to act without the delegated authority of the board
6. assist the board chiefly by preparing policy alternatives and implications for board deliberation. Board committees are not to be created by the board to advise staff
7. all have the chairperson and principal as ex officio members

 - Purpose
 - Committee members
 - Delegated Authority

The Board has established committees for Property, Discipline and Personnel. Each working group consists of two or three people, has minutes, delegated authority and Terms of Reference.

2. TERMS OF REFERENCE FOR THE PROPERTY COMMITTEE

Purpose

This committee is responsible for overseeing the development of the Board's 5YA and 10YP, its property projects and budget to ensure that KNS Property (buildings and environment) support high quality teaching and learning. Both short term and long term requirements will be considered.

The terms of reference for the Property Committee are to:

1. Establish a process that allows the KNS 5YA and 10YP to be prepared (noting the format required by the Ministry of Education guidelines) and to coordinate the drafting of these documents for the board
2. Identify projects within the Property Management Plan that are recommended for consideration in the next five years, and initiate the planning of these projects
3. Prepare a budget of major maintenance and capital replacement no later than 31 October of each year, for expenditure in the following year
4. Advise on the appropriate management of any issues that are identified as needing immediate attention in the interim (ie until the 5YA and 10YP are prepared).

The Committee has authority to deal with matters within these Terms of Reference provided they are within the Board's policies, Charter, Budget, Strategic Plan and Annual Plan. Any items outside the scope of these documents must be referred to the Board.

Members of the committee will include the Principal and at least 2 Board of Trustees members.

MOE guidelines and documentation will be followed unless specifically agreed to by the Board.

The KNS Board of Trustees resolved that the powers conferred on the board under Section 15 of The Education Act 1989 to deal with student disciplinary matters be delegated to the Disciplinary Committee.

Note: See KNS BOT Minutes 3 October 2011, item 2d.

Result in a written assessment of the principal's performance on an annual basis, identifying any training/professional development needs for the principal to undertake. ^[1]_{SEP}

Ensure that the principal's performance will be formally appraised on an annual basis by the board chairperson or delegate(s) and, at the board's choice, either an independent consultant who specialises in education and is able to review the effectiveness of the education provided or other suitable trustee. ^[1]_{SEP}

There will be at least, three informal meetings during the review period between the principal and chairperson or delegate(s) to discuss progress. ^[1]_{SEP}

The criteria for appraisal will be the objectives set in the Performance Agreement, the objectives being drawn from the school's strategic and annual operating plans, the principal's job description, professional standards and board policies on operations. ^[1]_{SEP}

If there is any disagreement between the principal's and the board as to the objectives, the board, after considering the principal's input, will amend and confirm the amended objectives or confirm the unchanged objectives. The board's decision will be final. ^[1]_{SEP}

The board chairperson or delegate(s) may seek feedback on the principal's performance from staff, parents, or any other person/s who are in the position of providing feedback on how the principal has performed. ^[1]_{SEP}

In the event of a dispute relating to the appraisal results, the board may choose to exercise its right to make a final decision or appoint an independent mediator to mediate. Ultimately the board will have responsibility of any final decision. ^[1]_{SEP}

6. CONCERNS AND COMPLAINTS PROCEDURE

Purposes

The purpose of this procedure is to ensure that concerns and formal complaints are dealt with promptly, consistently, and in an open and fair manner. People with concerns or complaints are encouraged to discuss these with the School rather than discussing them in the community or on social media.

See the flowchart for an overview of the Concerns and Complaints process

1. Raising Concerns

Concerns should be raised with an appropriate person in the first instance.

Concern relates to:	Appropriate person
Your child	Classroom teacher
Classroom matter	Classroom teacher
A particular staff member	That staff member
Another student	Classroom teacher You must not approach that student directly
Another parent, caregiver, or member of the school community	Principal
The school more generally	Principal
The Principal	Principal
The Board	Board Chair

The school expects concerns to be resolved informally by discussion as far as possible. You should contact the appropriate person to let them know the nature of your concern and arrange a time to discuss it.

Any discussion about your concern should take place in a quiet area away from children, other parents, and staff who are not involved.

The Board of Trustees is responsible for the governance of the school and the Principal is responsible for day to day management and operations of the school. Therefore, if you approach a Board member with your concern, you will be referred to, and asked to follow, the process set out in this procedure.

2. Resolving concerns

The school expects you to discuss your concern with the appropriate person, to be prepared to listen to their point of view, and to work constructively towards a resolution.

If your concern has not been resolved, you can escalate your concern to a Deputy Principal, the Principal or the Board Chair (as appropriate). You may also make a formal complaint.

3. Formal Complaints

You can make a formal complaint if your concern has not been resolved or it relates to a more serious matter.

A formal complaint must be made in writing (including email). This is to ensure that a fair process can be followed to resolve the complaint. Your complaint must:

- provide sufficient detail to enable it to be investigated. This would usually include details of what has happened and what steps have been taken so far to resolve the issue; and
- include your name and contact details. Unless exceptional circumstances apply, the School will not accept anonymous complaints.

Formal complaints should be addressed to:

- the Principal, if the complaint relates to a staff member, student, parent/caregiver, another member of the school community, or is about the school more generally;
- the Board Chair, if the complaint relates to the Principal or to the Board; or
- another member of the Board, if the complaint relates to the Chair.

Contact details for the Principal, Board Chair, and Board members are available on the School's website.

4. Resolving Formal Complaints

Once your complaint has been received, the Principal, Board Chair or Board member (as appropriate):

- will acknowledge receipt of your complaint and inform you of the likely timeframe for resolution;
- may refer the complaint back to the Principal or a particular staff member if no attempt has been made at resolving it using this Procedure and it is appropriate to do so; and
- will determine a suitable process for investigating and/or resolving the complaint.

Complaints will be resolved using an informal process, and without a formal investigation, as much as possible. In determining whether a formal investigation is required, the Principal, Board Chair or Board member will take into account the subject matter of the complaint, the purpose and principles of this procedure, any preliminary response from the person the complaint is about, and any action the school has taken previously.

You may be asked to provide further information and/or to participate in an investigation.

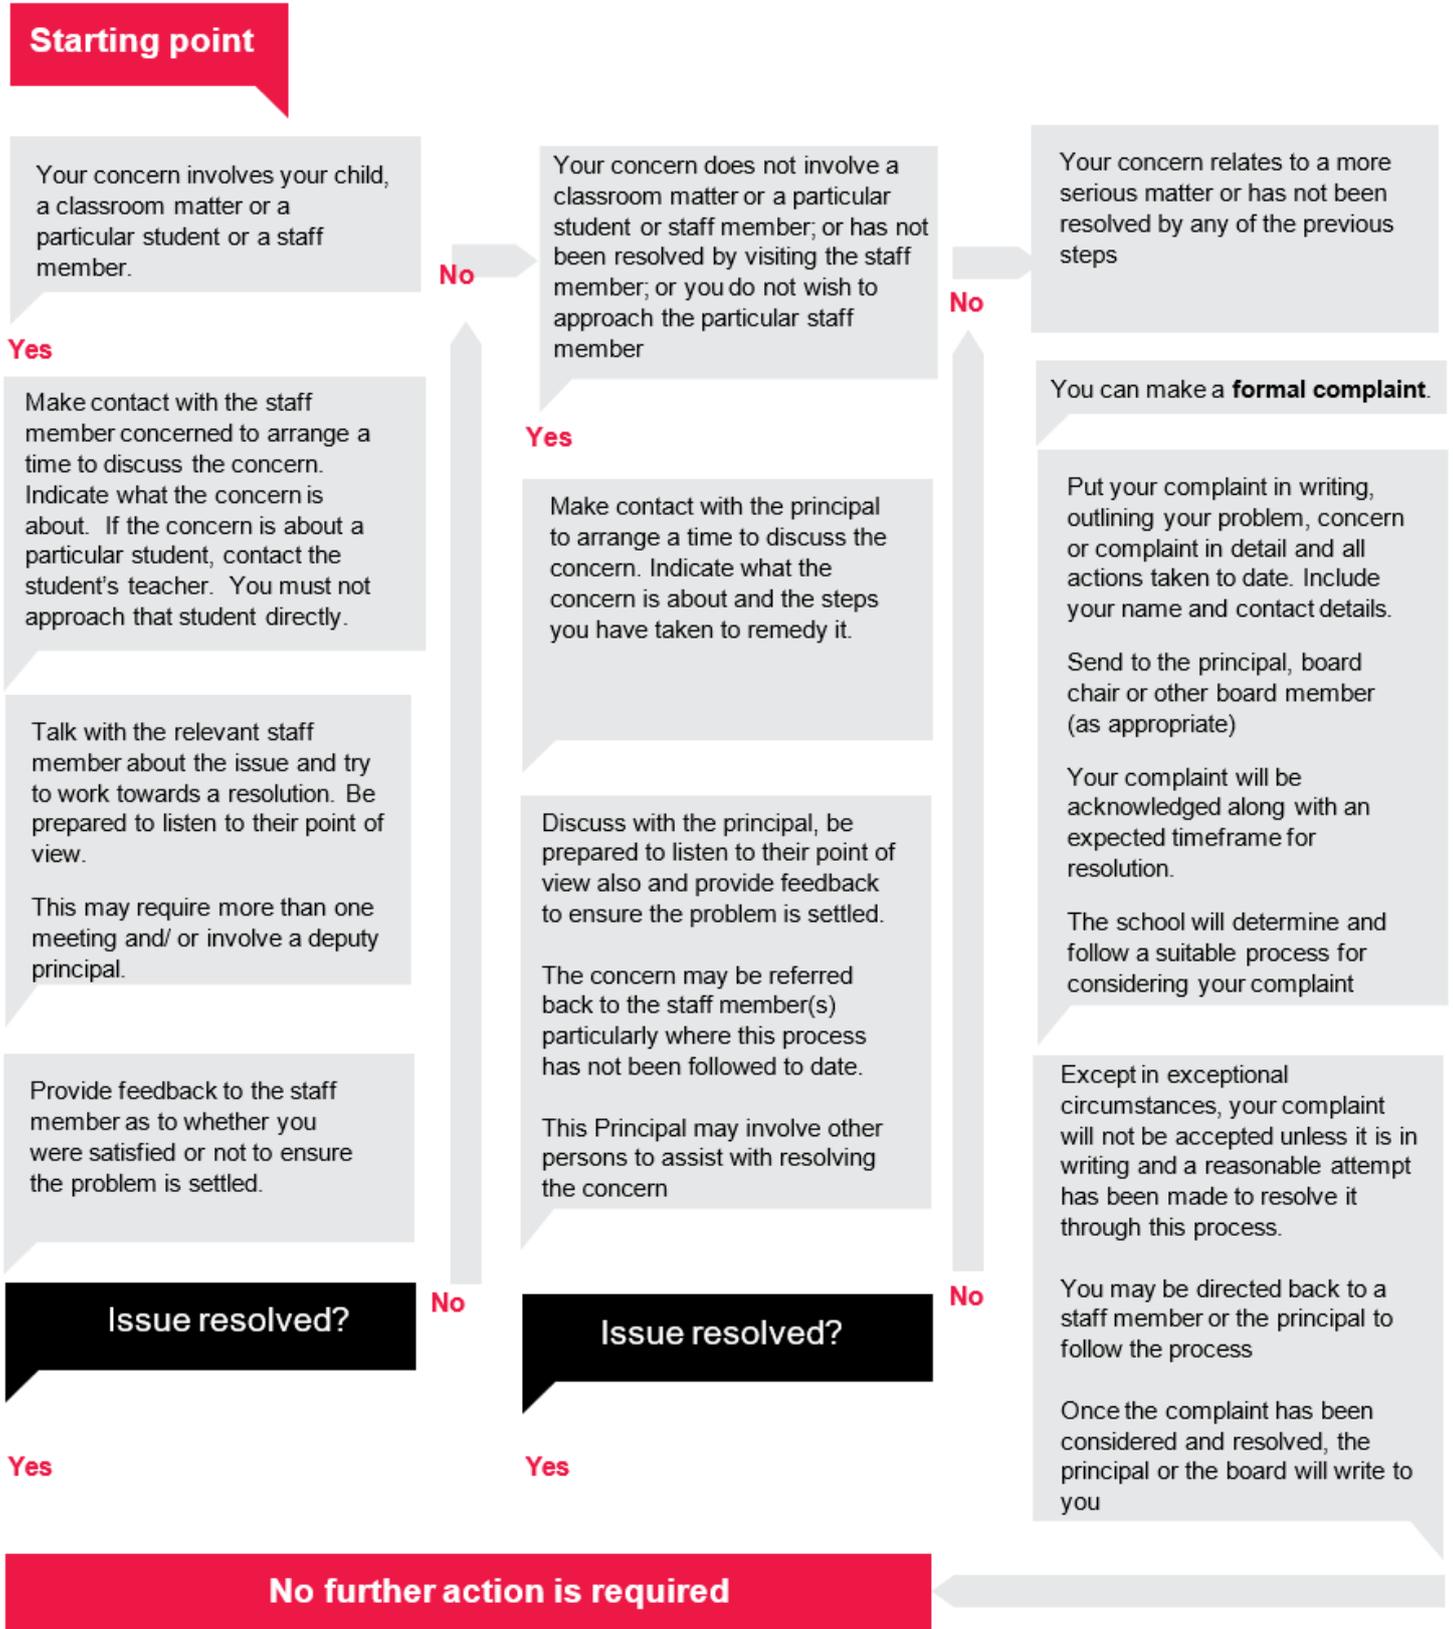

The School must comply with relevant legal and contractual obligations when dealing with complaints. These include employment agreement obligations and natural justice.

Subject to obligations of confidentiality and/or privacy, you will be kept informed about the progress and outcome of your complaint.

SECTION 2: OPERATIONAL POLICIES

1. DELEGATIONS POLICY

It is the Board's expectation that delegations will be properly exercised and the persons who hold such delegations will be held accountable. If these principles are observed then the Board can be certain its responsibilities in terms of the Education Act 1989, the Crown Entities Act 2004 and the Financial Reporting Act 1993 will have been properly fulfilled.

Purpose

The purpose of this policy is to implement a Schedule of Delegations to:

- ensure that the effectiveness of the governance and management of Karori Normal School is maintained
- provide an agreed basis by which the leadership team can exercise its responsibilities

Schedule of Delegations

2. Delegations may only be given by Board resolution, with the nature and conditions of the delegations to be specified in writing and provided by notice to the delegated person or persons as specified in section 66 of the Education Act 1989.
3. If persons who exercise responsibilities on behalf of the Board have any doubts or concerns in the execution of a specific action the expectation is that they will check with the person or group who made the delegation in the first place. The intention of this expectation is that should doubt arise in the exercise of a delegated responsibility it is preferable to verify the bona fides of the intended action rather than make an error of judgment and be held accountable for this.
4. This Schedule does not in itself provide the right to the leadership team and staff to exercise the responsibilities delegated. The right to exercise these responsibilities must be set out in a Memorandum of Delegations which sets out the delegations and is signed by the parties involved. An example of a Memorandum of Delegation is located at the end of this policy.
5. The Principal shall ensure that a copy of each memorandum is safely retained and shall be made available to the Board, the school auditors and officers of any Court hearing in a case related to the school finances.

13. WORKING CAPITAL MANAGEMENT

This policy sets the Board's position on the minimum level of working capital to be maintained to support the school's ability to fund ongoing operations. The two main risks to the school's financial viability are:

- An overspend in staffing areas, possibly due to the complexity of banking staffing
- Unexpected Board commitments due to overspends on property projects.

For the purposes of this policy, the following bank accounts are considered uncommitted:

- Operations (Cheque) account
- Gala prior year
- Gala current year

Cyclical maintenance and property donation bank accounts are considered committed.

The Board's approach to managing working capital is as follows:

1. The Finance Report provided to each Board meeting includes a forecast of the uncommitted working capital at year-end (31 December).
2. The Board seeks to maintain uncommitted working capital equivalent to three months of budgeted cash expenditure unless exceptional circumstances necessitate a variation to this.
3. The Board monitors uncommitted working capital monthly:
 - Where working capital is forecast to fall below the targeted level, the Board will seek to defer discretionary expenditure to allow for funds to return to the desired level.
 - Where working capital is forecast to rise above the targeted level, the Board will consider whether the additional funds are required for future property needs, before considering initiatives to reduce the level of working capital. These initiatives may include, increasing budgeted expenditure or reducing donations.

Reimbursement framework:

6. The Board agrees that this Policy must be published widely in the School, will be provided to all new employees and will be republished at regular intervals (at least annually).
7. The purpose of this policy is to provide information and guidance to employees of the School who wish to report serious wrongdoing within the school. The policy is issued in compliance with the Protected Disclosures Act 2000 and the Education Act 1989.

b. What is a Protected Disclosure?

1. A protected disclosure is a declaration made by an employee where they believe serious wrongdoing has occurred. Employees making disclosures will be protected against retaliatory or disciplinary action and will not be liable for civil or criminal proceedings related to the disclosure.

c. Definition of Serious Wrongdoing

1. Serious wrongdoing includes any serious wrongdoing of any of the following type:
 - an unlawful, corrupt, or irregular use of funds or resources; or
 - an act, omission or course of conduct that constitutes a serious risk to public health or public safety or the environment; or
 - an act, omission or course of conduct that constitutes a serious risk to the maintenance of law, including the prevention, investigation, and detection of offences and the right to fair trial; or
 - an act, omission or course of conduct that constitutes an offence; or
 - an act, omission or course of conduct by a public official that is oppressive, improperly discriminatory, or grossly negligent, or that constitutes gross mismanagement

d. Conditions for Disclosure

1. Before making a disclosure the employee should be sure the following conditions are met:
 - the information is about serious wrongdoing in or by the School;
 - the employee believes on reasonable grounds the information to be true or likely to be true;
 - the employee wishes the wrongdoing to be investigated; and
 - the employee wishes the disclosure to be protected.

e. Who can make a Disclosure?

1. Any employee of the school can make a disclosure. For the purposes of this policy an employee includes:
 - current employees and Principal;
 - former employees and principals; and
 - contractors supplying services to the school.

f. Protection of employees making disclosures

1. An employee who makes a disclosure and who has acted in accordance with the procedure outlined in this policy:
 - may bring a personal grievance in respect of retaliatory action from their employers;
 - may access the anti-discrimination provisions of the Human Rights Act in respect of retaliatory action from their employers;
 - are not liable for any civil or criminal proceedings, or to a disciplinary hearing by reason of having made or referred to a disclosure; and
 - will, subject to paragraph 15 in the Procedure, have their disclosure treated with the utmost confidentiality.
2. The protections provided in this section will not be available to employees making allegations they know to be false or where they have acted in bad faith.

g. Procedure

1. Any employee of the School who wishes to make a protected disclosure should do so using the following procedure:

How to submit a disclosure

The employee should submit the disclosure in writing.

Information to be contained

The disclosure should contain detailed information including the following:

- the nature of the serious wrongdoing;
- the name or names of the people involved; and
- surrounding facts including details relating to the time and/or place of the wrongdoing if known or relevant.

Where to send disclosures

A disclosure must be sent in writing to the Principal who has been nominated by the Board under the provision of Section 11 of the Protected Disclosures Act 2000 for this purpose.

OR

If you believe that the Principal is involved in the wrongdoing or has an association with the person committing the wrongdoing that would make it inappropriate to disclose to them, then you can make the disclosure to the Board Chairperson.

Decision to investigate

On receipt of a disclosure, the Principal or Board Chairperson must within 20 working days examine seriously the allegations of wrongdoing made and decide whether a full investigation is warranted. If warranted a full investigation will be undertaken by the Principal or Board Chairperson or arranged by him/her as quickly as practically possible, through an appropriate authority.

Protection of disclosing employee's name

All disclosures will be treated with the utmost confidence. When undertaking an investigation, and when writing the report, the Principal or Board Chairperson will make every endeavour possible not to reveal information that can identify the disclosing person, unless the person consents in writing or if the person receiving the protected disclosure reasonably believes that disclosure of identifying information is essential:

- to ensure an effective investigation; or
- to prevent serious risk to public health or public safety or the environment.

Report of investigation

At the conclusion of the investigation the Principal will prepare a report of the investigation with recommendations for action if appropriate, which will be sent to the Board Chairperson.

Disclosure to an appropriate authority in certain circumstances

A disclosure may be made to an appropriate authority (including those listed below) if the employee making the disclosure has reasonable grounds to believe:

- The Board Chairperson is or may be involved in the wrongdoing;
- Immediate reference to another authority is justified by urgency or exceptional circumstances; or

- has decided not to investigate; or
- has decided to investigate but not made progress with the investigation within reasonable time; or
- has investigated but has not taken or recommended any action; and the employee continues to believe on reasonable grounds that the information disclosed is true or is likely to be true.

17. SENSITIVE EXPENDITURE

a. Introduction

1. The board agrees that it has a responsibility to ensure that all expenditure of board funds is clearly linked to the business of the school and does not at any time provide unreasonable and personal benefit from those funds to any individual or group of individuals (staff or students).
2. The board acknowledges that at times there are expenses which may be considered to be beneficial only to individuals or small groups of individuals. These may include expenses in relation to travel (especially international travel), or to koha, gifts and other payments to individuals.
3. The board has determined that any expenditure which may be considered to be beneficial to individuals or groups of individuals will be carefully scrutinised before approval and will be supported by appropriate fund raising specific to that expenditure.
4. Particular reference should also be made to the board's travel policy in considering expenditure which may benefit individuals or groups of individuals.
5. The board has agreed on the fundamental principles of this Policy, and has delegated responsibility for the implementation and monitoring of this Policy to the principal (as the chief executive and the board's most senior employee).

b. Principles

6. The board requires the principal, where expenditure may be beneficial to an individual or group of individuals, to take account of the following prior to authorising this expenditure:
 - I. Does the expenditure benefit student outcomes?
 - II. Does the expenditure represent the best value for money?
 - III. Is it in the budget?
 - IV. Could the board justify this expenditure to a taxpayer, parent or other interested party?
 - V. How would the public react if this expenditure was reported by the media?
 - VI. Would there be perceived to be any personal gain from this expenditure?
 - VII. Does this expenditure occur frequently?
7. Any proposed expenditure which may benefit individuals or groups of individuals will be backed by funds which have been raised for the purpose. The funds will be raised with a full understanding of their purpose known to those contributing the funds – such as parents or other funding sources (e.g. Charities). The funds raised will cover all costs (including travel and accommodation costs for teachers who may be involved).

c. Accounting for expenditure

8. All expenditure which is incurred on behalf of individuals or groups of individuals will be fully accounted for and a separate income statement for management reporting purposes showing all funds raised and expenditure incurred will be provided to the board.

To be reviewed May 18

18. SCHEDULE OF RESPONSIBILITIES / SEGREGATION OF DUTIES FRAMEWORK

The list below shows financial tasks alongside the person responsible for carrying out each task. This Schedule is supplementary to the School's Schedule of Delegations, and when carrying out these tasks Trustees, staff, contractors and volunteers must not exceed the authority delegated to them via their Memorandum of Delegation.

19. THEFT & FRAUD PREVENTION

a. Introduction

1. The Board accepts that it has a responsibility to protect the physical and financial resources of the School. The Board has agreed that through its chief executive, the Principal, the School has a responsibility to prevent and detect theft and fraudulent actions by persons who are employed or contracted by the School or who are service recipients of the School. The Board accepts that any investigation into any theft or fraudulent actions will be conducted in a manner that conforms to the principles of natural justice and is procedurally just and fair.

2. The Board, therefore, requires the Principal to establish systems and procedures to guard against the actions of theft and fraud. The Principal is to report such actions to the Board Chairperson as prescribed in the procedures set out below.

b. General

3. As preventative measures against theft and fraud the Board requires the Principal to ensure that:

a. The School's physical resources are kept secure and accounted for.

b. The School's financial systems are designed to prevent and detect the occurrence of fraud. All such systems must meet the requirements and standards as set out in the Crown Entities Act 2004 and of generally accepted accounting practice promulgated and supported by Chartered Accountants Australia and New Zealand.

c. Staff members who are formally delegated responsibility for the custody of physical and financial resources by the Principal are proven competent to carry out such responsibilities and that such persons are held accountable for the proper execution of their responsibilities.

d. All staff members are aware of their responsibility to immediately inform the Principal should they suspect or become aware of any improper or fraudulent actions by staff, suppliers, contractors, students or other persons associated with the School.

4. In the event of an allegation of theft or fraud the Principal shall act in accordance with the following procedures:

a. Decide to either immediately report the matter to the New Zealand Police or proceed as outlined in this paragraph.

b. So far as it is possible and within 24 hours:

i Record the details of the allegation, the person or persons allegedly involved, and the quantity and/or value of the theft or fraud.

ii Request a written statement from the person who has informed the Principal, with details as to the nature of the theft or fraud, the time and circumstances in which this occurred, and the quantity and/or value of the theft.

- iii Decide on the initial actions to be taken including consulting with the person who provided the information and, if appropriate, confidentially consulting with other senior members of staff about the person who is the subject of the allegation.
- iv Inform the Board Chairperson of the information received and consult with them as appropriate.
- c. On the basis of advice received and after consultation with the Board Chairperson, the Principal shall decide whether or not a prima facie case of theft or fraud exists, and if not, to document this decision and record that no further action is to be taken.
- d. The Principal shall then carry out the following procedures:
 - i Investigate the matter further;
 - ii If a prima facie case is thought to exist to continue with their investigation;
 - iii Invoke any disciplinary procedures contained in the contract of employment should the person be a staff member;
 - iv Lay a complaint with the New Zealand Police;
 - v If necessary, commission an independent expert investigation;
 - vi In the case of fraud, require a search for written evidence of the possible fraudulent action to determine the likelihood or not of such evidence;
 - vii Seek legal advice; or
 - viii Inform the Manager, National Operations, Ministry of Education local office and/or the school's auditors.
- e. Once all available evidence is obtained the Principal shall consult the Board Chairperson. The Board Chairperson may, if they consider it necessary, seek legal or other advice as to what further action should be taken.
- f. If a case is considered to exist the Principal or a person designated by them shall, unless another course of action is more appropriate:
 - i Inform the person in writing of the allegation that has been received and request a meeting with them at which their representative or representatives are invited to be present.
 - ii Meet with the person who is the subject of the allegation of theft or fraud and their representatives to explain the complaint against them.
 - iii Obtain a verbal or preferably a written response (all verbal responses must be recorded as minutes of that meeting, and the accuracy of those minutes should be attested by all persons present).
 - iv Advise the person in writing of the processes to be involved from this point on.
- 5. The Board recognises that supposed or actual instances of theft or fraud can affect the rights and reputation of the person or persons implicated. All matters related to the case shall remain strictly confidential with all written information kept secure. Should any delegated staff member or any other staff member improperly disclose information the

Principal shall consider if that person or persons are in breach of confidence and if further action is required. Any action the Principal considers must be in terms of the applicable conditions contained in their contract of employment and any code of ethics or code of responsibility by which the staff member is bound.

6. The Board affirms that any allegation of theft or fraud must be subject to due process, equity and fairness. Should a case be deemed to be answerable then the due process of the law shall apply to the person or persons implicated.

7. Any intimation or written statement made on behalf of the School and related to any instance of supposed or actual theft or fraud shall be made by the Board Chairperson who shall do so after consultation with the Principal and if considered appropriate after taking expert advice.

c. Allegations Concerning the Principal or a Trustee

8. Any allegation concerning the Principal should be made to the Board Chairperson. The Chairperson will then investigate in accordance with the requirements of paragraph 4 of this Policy.

9. Any allegation concerning a member of the Board of Trustees should be made to the Principal. The Principal will then advise the manager of the local office of the Ministry of Education and commence an investigation in accordance with the requirements of paragraph 4 of this Policy.

20. TRAVEL

a. Introduction

1. The Board agrees that it has a responsibility to ensure that travel expenditure incurred by the School must clearly be linked to the business of the School. The Board has agreed on the fundamental principles of this Policy, and has delegated responsibility for the implementation and monitoring of this Policy to the Principal.
2. The Board requires the Principal, as the chief executive and the Board's most senior employee, to implement and manage this Policy. The Principal may, from time to time, further delegate some of their responsibilities, and all such delegations must be attached as appendices to this policy.
3. This Policy must be read in conjunction with other Board Policies, and the exercising of all authority and responsibilities conferred under this Policy must be in accordance with the Schedule of Delegations and may not exceed an individual's established level of delegated authority.

b. Principles

4. The Board agrees to ensure that:
 - the travel expenditure is on the Board's business, and the School obtains an acceptable benefit from the travel when considered against the cost;
 - expenses are reimbursed on an actual and reasonable basis; and
 - staff that are required to travel on business do not suffer any negative financial effect.

c. Process for Making Travel Arrangements

5. Under no circumstances may any staff member approve their own travel.
6. All booking for international and domestic travel is to be conducted through the School's normal purchase procedures. This includes the booking of accommodation, flights and rental cars.
7. Travel bookings are not to be made using manual cheques or credit cards.

Travel within New Zealand

8. The justification for travel within New Zealand must be documented. It is to be transparent and must relate to a school need. Travel within New Zealand is to be authorised on a one-up basis (for example the Principal should authorise any travel by the Deputy Principal(s) and the Board should authorise any travel by the Principal).
9. All domestic air travel is to be economy class.

International Travel

10. Prior to international travel being undertaken, the traveller must be given a copy of this policy and be required to sign it off to signify that they have read and understood it.
11. All international travel should be authorised by the Board before it is commenced. A proposal must be put to the Board detailing the purpose of the trip, the expected benefit to the Board which will arise from the trip and an estimate of the costs of the trip. The Board will approve the travel in writing.
12. At the end of the trip overseas, the traveller must prepare a trip report, which details the costs incurred during the trip, activities which took place during the trip and the benefits to the Board and the School of the trip.
13. Except where the flight time exceeds 10 hours, all international air travel is to be economy class.
14. Business class travel may be approved, where the Board considers appropriate, for travel more than 10 continuous hours in duration.
15. If a staff member has a travel time without a stopover in excess of 20 hours, a rest period of 24 hours before commencing work is permitted.

Accommodation

16. Staff should opt for good but not superior accommodation, for example Qualmark 2 star accommodation and must be prepared to justify exceptions to this rule to the Board.
17. Staff who stay privately will be reimbursed on production of receipts, for koha or for the cost of a gift given to the people they have stayed with. Prior to travel the staff member should receive authorisation for the value of the intended koha/gift. (Refer to Gift Policy)

Vehicles

18. When using rental cars, staff should opt for good but not superior model vehicles and should be prepared to justify any exceptions to this rule to the Board.
19. Use of private vehicles is to be approved on a one-up basis and reimbursement will be at the rate specified by the Inland Revenue Department.
20. If taxis are used, then staff should pay for the taxis out of their own pocket, obtain a receipt and seek reimbursement as part of an expense claim.

Reimbursement of Expenses

21. The reimbursement for business related travel expenses is on the basis of actual and reasonable costs. Actual and reasonable expenditure is defined as “the actual cost incurred in the particular circumstance, provided that it is a reasonable minimum charge”.
22. For travel within New Zealand, actual and reasonable expenses are those incurred above the normal day to day costs. For example, a staff member would normally incur

personal expenditure for lunch on a daily basis and the cost of lunch when travelling should not be reimbursed unless the costs are greater than that normally incurred.

23. All personal expenditure is to be met by the staff member. Examples of this are mini bar purchases, in house movies, laundry and private phone call charges which are to be paid separately by the travelling staff member.

24. All receipts must be retained and attached to the travel claim. The claim is to be authorised on a one-up basis.

25. For expenditure incurred in New Zealand of value greater than \$50 (including GST) there should also be a GST invoice to ensure that GST can be reclaimed by the School.

26. Authorisation can still be given for expenditure less than \$50 where there is no receipt, for example if it is not practical to obtain a receipt or if the receipt is lost. The expenditure can be reimbursed provided there is no doubt about its nature or the reasons for it.

Discretionary Travel Benefits

27. Travel benefits, including airpoints and loyalty scheme rewards/points (Flybuys, etc), accrued from official travel are only to be used for subsequent travel on behalf of the School. They should not be redeemed for personal use.

28. Staff must travel by the most direct route unless scheduling dictates otherwise.

29. The School will not meet expenses incurred on behalf of a spouse or travelling companion. In the event of a person travelling with an employee, a reconciliation of expenses should clearly demonstrate that the School did in no way incur additional expenditure.

38. The Board requires the Principal, as the chief executive and the Board's most senior employee, to implement and manage this Policy. The Principal may, from time to time, further delegate some of their responsibilities, and all such delegations must be attached as appendices to this policy.

39. This Policy must be read in conjunction with other Board Policies, and the exercising of all authority and responsibilities conferred under this Policy must be in accordance with the Schedule of Delegations and may not exceed an individual's established level of delegated authority.

41. The principal shall have delegated authority to purchase assets within the annual asset acquisition budget, following good procurement processes, provided that the value of any individual asset is no more than \$10,000.

42. The decision to purchase any asset with a cost of over \$10,000 must be made by the Board, not the principal alone.

43. The Board shall consider the most cost-efficient acquisition method for each new asset acquisition decision i.e. whether to buy or lease, and whether to acquire by operating or finance lease.

44. The Boards shall follow good procurement processes for the acquisition of assets over \$10,000. This may include placing a notice on the Government Electronic Tendering System (GETS) for acquiring assets with a combined value over \$100,000; obtaining several quotes to compare value for money; and managing any potential conflicts of interest appropriately.

c. Information Technology Assets

45. All information technology assets, such as computers and laptops and associated software, must be compatible with the standard operating platform used within the school.

46. The Board aims to provide and maintain a suite of IT assets that provides the best possible learning tools for students, within budget constraints, including a replacement programme that matches the expected useful life of each asset.

d. Expected Useful Lives

Buildings – School	18-40 years
Building improvements – Crown	10–20 years

48. The principal shall have delegated authority to maintain the school’s assets in good working order, within the approved budget.

f. Asset Records

49. All assets with a cost of \$1,000 or more shall be recorded in the fixed asset register.

50. Assets that cost less than \$1,000 shall be recorded in a register of valuable assets.

51. A review of assets against the fixed asset and valuable asset registers shall be undertaken at least once a year.

g. Disposal of Assets

52. The principal shall have delegated authority to dispose of any asset that has reached the end of its useful life (as recorded in the fixed asset or valuable asset registers), provided the estimated market value and net book value of the asset are less than \$2,000 and the original cost of that asset was less than \$10,000. The principal shall report to the board about reasons for disposal, disposal process and any net disposal proceeds.

53. The Board shall approve the disposal of any asset that had an original cost of over \$10,000, including the reasons for disposal, disposal process and use of any disposal proceeds.

24. HEALTH AND SAFETY PROCEDURE: RISK MANAGEMENT

Procedure

This procedure should be read in conjunction with the Health and Safety at Work Act 2015: A Practical Guide for Boards of Trustees and Officers which clearly outlines Health and Safety responsibilities, and the Karori Normal School Health and Safety Policy.

Purpose

Risk management is the cornerstone of the Health and Safety at Work Act 2015. It allows the board to perform its primary duty of care, as far as reasonably practicable, to its workers and others. The purpose of this procedure is to explain how we manage risks effectively in the school environment and work carried out by the school.

Scope

This procedure applies to and is to be followed by all of our workers and others in the workplace. This includes all members of the school's leadership team, workers, students, contractors, temporary workers, volunteers and visitors.

The board will consult, cooperate and coordinate with other duty holders on matters when there are overlapping health and safety duties. For that reason, this procedure can also be applied where an adequate risk procedure does not exist in other workplaces.

The board will keep a risk register and record information from the risk management process. For each identified hazard, the following information will be recorded:

- the harm the hazard could cause
- the likelihood the harm would occur
- the level of risk
- the effectiveness of current controls
- what further controls are needed
- how the controls will be implemented – by whom and by when
- review date

How do we manage health and safety risks effectively?

Health and safety is everyone's responsibility and together we will keep our workplace safe and secure. To do this, we will manage health and safety risks effectively. The four steps below describe how we do this.

1. identifying hazards: finding out what situations and things could cause death, injury or illness
2. assessing risks: understanding the nature of the risk that could be caused by the hazard, what the consequences could be and the likelihood of it happening
3. controlling risks: implementing the most effective control measures that are reasonably practicable in the circumstances
4. reviewing control measures: ensuring control measures are working as planned

Roles and Responsibilities

Everyone has a part to play in managing risk effectively.

Officers (Senior Leadership Team (SLT))

- ensure workers and others know about health and safety risk processes and procedures
- ensure that workers receive the right health and safety risk training and are aware of the risks on induction into the work area
- hold and maintain the risk register for the work group
- inform 'others in the workplace' of any known risks and controls in place
- assess risks that are reported to you
- consult with workers on the most effective controls to manage the risks
- regularly review and monitor risks and the controls that are in place

Workers – (employees, temporary workers, contractors, volunteers)

- take reasonable care of their own health and safety
- take reasonable care that their acts are not a risk to the health and safety of others
- take reasonable steps to eliminate risks when they are first identified
- report any risks to their a member of the SLT, including those that have already been eliminated

- seek support from a member of the school’s health and safety committee on health and safety risk matters if required
- comply with this policy and procedures in the workplace
- comply with any reasonable instruction in relation to risks given by the board or the PCBU they are visiting
- inform others of known risks
- may cease or refuse to carry out work if they believe the work would expose them to a serious risk

Health and Safety Committee

- facilitates co-operation between the board of trustees and school workers in instigating, developing, and carrying out measures designed to ensure the school workers health and safety at work
- assists in developing any standards, rules, policies, or procedures relating to health and safety that are to be followed or complied with at the school
- makes recommendations to the board of trustees about work health and safety.

Others – (visitors, students, parents etc)

- take reasonable care of their own health and safety
- take reasonable care that their acts are not a risk to the health and safety of others
- take reasonable steps to eliminate risks when they are first identified
- comply with any reasonable instruction given by the board in relation to risks

Review

This procedure shall be reviewed every two years or more regularly by agreement. The provisions of this agreement may be varied by the board following consultation with workers.

25. HEALTH AND SAFETY PROCEDURE: WORKER ENGAGEMENT AND PARTICIPATION

Procedure

This procedure should be read in conjunction with the Health and Safety at Work Act 2015: A Practical Guide for Boards of Trustees and Officers which clearly outlines Health and Safety responsibilities, and the Karori Normal School Health and Safety Policy.

Purpose

- The purpose of this policy is to further support and improve health and safety in the workplace. It promotes engagement between the board, officers and workers. The policy provides all workers with a reasonable opportunity to be actively involved in the ongoing management of health and safety.
- This policy includes the roles undertaken by health and safety committees and elected health and safety representatives.

PCBU

- As part of the boards commitment to promote and maintain a safe and healthy working environment, the board acknowledges that health and safety induction will be included for all workers.
- A meeting will be held annually for all staff to ensure all staff are familiar with the school's health and safety induction booklet.

Duties

- provide accurate and timely information and advice to management and workers
- ensure there is a systematic process for managing risk
- ensure effective monitoring and review systems are in place
- to escalate unresolved issues to the relevant member of the school's leadership

Health and Safety Representatives (HSRs)

A worker can request that the board hold an election for HSRs. If HSRs are elected then they are entitled to training.

Training for health and safety committee members and workers

Training for health and safety committee members and workers will be based on need and will reflect their function and powers.

“Health and safety Training needs to ensure that workers are provided with at least the following health and safety information:

Managing emergencies.

Managing hazards

Worker/PCBU health and safety responsibilities

Injuries/incidents investigation and reporting responsibilities

Identifying and recording hazards

How to use equipment safely.” (Health and Safety at Work Act 2015: A Practical Guide for Boards of Trustees and Officers - page 76)

Committees

An effective way to work on health and safety matters is through a health and safety committee. Holding an election for a health and safety committee is not a requirement under HSWA. However, a school may choose to do so. HSRs are automatically members of the committee. The board and workers agree on the membership of the health and safety committee. HSRs have an automatic right to sit on the committee.

Objectives

- encourage co-operation and collaboration in meeting the board’s health and safety objectives
- ensure there is a consistent, co-ordinated approach to health and safety on-site

- look for initiatives to ensure health and safety continuously evolves and improves the health, safety and wellbeing of workers
- provide accurate and timely information and advice to management and workers

26. HEALTH AND SAFETY PROCEDURE: HEALTH AND WELLBEING PROCEDURE

Procedure

This procedure should be read in conjunction with the Health and Safety at Work Act 2015: A Practical Guide for Boards of Trustees and Officers which clearly outlines Health and Safety responsibilities, and the Karori Normal School Health and Safety Policy.

Purpose

- The purpose of this procedure is to further support and improve health and safety in the workplace. It promotes health and well-being programmes for staff and others at the school. “Health at work is not just about people being physically well. Research confirms that physical, social and psychological wellbeing are closely interlinked, and that sickness absence is often a symptom of work stress and low engagement. If workers are physically and emotionally healthy, they are more likely to contribute fully at work and in the wider community.” (MoE Health and Safety at Work Act 2015 – Health and Wellbeing Programmes).
- This procedure outlines the board’s commitment to the health and wellbeing of the staff at KNS.

Health and Wellbeing Promotion

The board is committed to the health and wellbeing of its staff and provides the following to promote ongoing staff health and wellbeing:

- Access to three fully funded advice and counselling sessions through EAP Services. This is an anonymous service and the number of sessions can be increased at the discretion of the principal or board chairperson.
- Free annual influenza vaccinations for all staff.
- The promotion of a culture in which staff feel able to discuss their workload with those in leadership roles.
- Access to mentoring and support both formal and informal for all staff especially those new to teaching or KNS.
- Encouragement for staff to stay home when they are sick.

- Regular reminders regarding the need to report hazards to a member of the school's staff health and safety committee.
- Openness to staff requests for leave as per the school's staff leave policy.

Day to Day Procedures

As part of the boards commitment to promote and maintain a safe and healthy working environment, the principal will ensure that the school has day to day procedures which cover the following:

- Emergency procedures for fire and earthquake and that these are practiced regularly and understood by staff, students and visitors to the school.
- Lockdown procedures which are understood by staff.
- Behaviour management procedures which include procedures to prevent bullying and responsibilities of staff when dealing with bullying. These procedures are based on the school's values.
- Ongoing staff first aid training and the provision of medical room facilities and staffing which is appropriate to meet the needs of the school.
- Allergies, including the provision of allergy management plans developed in conjunction with the parents/caregivers of those children who are identified by parents/caregivers as having severe allergic reactions.
- The identification and reporting of communicable diseases and follow-up communication with the school community in line with advice from Regional Public Health.
- Sun-safe promotion including the compulsory wearing of hats in Terms 1 and 4.
- Traffic safety in the area close to the school, including regular communication to the school community highlighting areas of concern, the provision of road patrols on Donald St and encouragement and support of the Kiss and Drop on Donald St.
